

# MOZZAZ SYSTEM INTEGRATIONS

Integration is a key component of a successful digital strategy, and Mozzaz makes integration easy. In addition to traditional methods like FHIR and HL7, integration can occur via automated data sharing workflows across a variety of clinical systems.

Below is the constantly growing list of systems with current integrations.

To learn more about Mozzaz's solutions and how we can integrate with your clinical systems, contact us at [sales@mozzaz.com](mailto:sales@mozzaz.com).
